Missing in Action

GEORGE RODER

With humble gratitude and deep appreciation of their sacrifice the citizens of Hinsdale dedicate this memoriam "that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain."

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Hinsdale qualified to vote in town affairs:

You are hereby notified to meet at Town Hall, on Tuesday the 12th day of March, 1946, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk for the ensuing year.

Article 2. To see if the town will vote to accept and adopt the report of the Selectmen, Auditors and other town officers.

Article 3. To choose a member of the Board of Selectmen for the ensuing three years.

Article 4. To choose a member of the board of library Trustees for the ensuing three years.

Article 5. To choose five members of the Budget Committee for the ensuing year.

Article 6. To choose a member of the playground committee for the ensuing three years.

Article 7. To choose a member of the Water and Sewer Commission for the ensuing three years.

Article 8. To choose all other necessary town officers and agents for the ensuing year.

Article 9. To see how much money the town will vote to raise and appropriate for the payment of ordinary town charges, for the maintenance of the fire department, for highways, for schools and for all other necessary expense arising within the town.

Article 10. To see if the town will vote to raise and appropriate the sum of $430.14 to which the State will contribute $1,720.57 to be expended on Class 5 roads.

Article 11. To see what action the town will take for appropriating the sum of two thousand dollars for welcome home celebration for men and women in service, who served in World War 2.

Article 12. To see if the town will vote to raise and appropriate the sum of six hundred ($600.00) dollars for the purpose of purchasing a sand spreader and cement mixer for use of the highway department or act in any manner thereon.

Article 13. To see if the town will vote to raise and appropriate the sum of one thousand dollars ($1,000.00) to repair the Depot Hill side walk, and to make necessary repairs on other side walks as far as the money will go or act in any manner thereon.

Article 14. To see if the town will vote to borrow on the credit of the town a sum of money not to exceed $2,000.00 to pay the difference in value between the present truck and snow plow and a new truck and snow plow or act in any manner thereon.

Article 15. To see if the town will vote to authorize the selectmen to dispose of a parcel of land owned by the town between the highway and railroad near the Monument schoolhouse or act in any manner thereon.

Article 16. To see if the town will vote to raise and appropriate a sum of money to place a street light near the residence of Glen Higgins.

Article 17. To see what action the town will take on placing lights at suitable places on Monument Road in North Hinsdale.

Article 18. To see if the town will vote to raise and appropriate sufficient money to continue town water to the residence of Glen Higgins on River St. and also installation of a hydrant.

Article 19. To see if the town will vote to extend the water main on Highland Ave. to Cottage St. and raise and appropriate a sufficient amount of money for same or act in any manner thereon.

Article 20. To see if the town will vote to raise and appropriate or borrow, a sufficient sum of money to extend the water and sewerage system on Brattleboro Road to the top of Sand Hill or act in any manner thereon.

Article 21. To see if the town will vote to raise and appropriate a sufficient amount of money to install flush toilets at the playground or act in any manner thereon.

Article 22. To transact any other business that may legally come before said meeting.

Given under our hands and seal in said Hinsdale the 23rd day of February, 1946.

FRANCIS E. MASON,
JAMES G. SNOW,
CLIFFORD D. STEARNS,
Selectmen of Hinsdale.

SUPERINTENDENT'S REPORT OF THE WATER AND SEWER WORKS

To the Water and Sewer Commissioners and citizens of Hinsdale:

I herewith submit the following report:

If the town is going to spend money on post war work I would like to recommend a new stand pipe, the same size as we have. The present one will have to be overhauled and painted before long, with the second stand pipe it would give me a chance to work on either one and not interfere with the service. We have about 360 users at present and are filtering about 200,000 gals. per 24 hrs.

The state gets a sample from the system about every two weeks. I have attended some of the New England and New Hampshire Water Works meetings. In closing this report I wish to thank the commissioners and selectmen for their cooperation during the past year.

Respectfully submitted,
CHARLES W. HARRIS,
Superintendent.

HINSDALE PUBLIC HEALTH NURSING ASSOCIATION

Nursing Report for 1945

I hereby submit my third annual report for the year ending December 31, 1945.

Prenatal,	15
Home deliveries,	7
Postpartum,	61
Newborn,	101
Non-communicable,	705
Communicable,	55
Tuberculosis,	8

Health superivision:

Infants,	50
Pre-school,	42
Adult welfare,	38
Schools,	225
Total,	1,307

The annual physical examination of school children was started soon after the reopening of school in the fall, by Dr. Edmond Lachaine, school physician, assisted by the school nurse. This year the most outstanding defect among all the students was that of defective teeth. By securing the services of Dr. Harvey Grimes a school dental clinic will be held in the spring.

Last fall there was an epidemic of chicken pox, fortunately most of the reported cases were mild.

The nursing service has been comparatively quiet this past year.

Meetings attended by nurse. State Nurses Meeting; State Teachers Conference, Nurses Section; Sectional Public Health Nurse's Meeting.

Miss Ethel Inglis, nursing supervisor from the John Hancock Ins., Co., and Miss Florence Clark, State Public Health Nursing Director visited this service.

At this time I wish to thank members of the local nursing committee, physicians, teachers and the community as a whole for their cooperation and assistance given me in promoting the work of the nursing service.

Respectfully submitted,
FRANCES M. SIKOSKI, R. N.

Library Report

Hours open per week,	20
Total circulation,	21,177
Adult fiction,	11,813
Adult non-fiction,	2,124
Juvenile fiction,	3,220
Juvenile non-fiction,	1,881
Magazines,	2,139
Average daily,	75
Percent of fiction,	71

It has been a difficult year to keep the library running smoothly with so many shortages in books and materials. The circulation is low but in the last two months has begun to climb again. Many of the latest books are put away to be rebound and others are held at the bindery. A large number should be discarded as they are in too poor a condition to circulate.

Balances in money will soon disappear when we are able to purchase those items we need and it will be a few years before the library can be brought back to the same condition it was in before the war.

LUELLA STREETER,
Librarian.

REPORT OF THE TREASURER OF THE LIBRARY COMMITTEE FOR 1945

MARION P. WELCH,
CHESTER C. LEES,
Town Auditors.

REPORT OF THE AVIATION COMMITTEE

A year ago an Aviation Committee was appointed at the annual Town Meeting to investigate the advisability and feasibility of an airport for the Town of Hinsdale. Your committee held a number of meetings, calling on the Monadnock Region Association, the State Aeronautics Commission and the Civil Aeronautics Administration for advice and assistance. It was soon apparent that the most desirable site in the Township was located in North Hinsdale and was in the process of development by Clesson C. McDonald. We were aware that the Town of Brattleboro had appointed an aviation committee and we invited that group to all of our meetings. The proximity of the McDonald site to both towns decided us to join forces and work for a Brattleboro-Hinsdale airport as the mutual advantages were apparent.

At a meeting held at Chesterfield, N. H. January 30, 1946, and attended by Edward Knapp, Director of the Vermont Aeronautic Commission, Russell Hilliard, New Hampshire Director, Philip Darling of the Monadnock Region Association, selectmen from Hinsdale and Chesterfield, N. H., Brattleboro's airport committee, and others, it was brought out that after a study made by the Civil Aeronautics Administration, representing the Federal Government, that North Hinsdale had been chosen as the most suitable site in this area, and agreed to by aeronautic commissions of both Vermont and New Hampshire.

Aviation facilities must be regarded as an integral part of the general transportation and distribution system, to be constructed and maintained by public funds, just as bridges and roads are provided for our highways. Private enterprise cannot profitably establish and operate all these facilities.

Federal and State assistance can be anticipated in the construction of all publicly owned facilities. It is most important that we be prepared for eventualities which will follow legislation now pending in Congress, relative

to the National Airport Plan, therefore this committee strongly recommends an airport committee be continued with a view toward acquiring a selected site.

Respectfully submitted:
RAYMOND C. HILDRETH ,
CLARENCE B. O'NEAL,
HAROLD R. WEEKS.

ANNUAL REPORT

OF THE

SCHOOL BOARD

OF

Hinsdale School District

FOR

FISCAL YEAR

JULY 1, 1944 — JUNE 30, 1945

In Memoriam

With deep sorrow, the School Board of the Hinsdale school district records the death on Feb., 28, 1945 of Mr. Charles W. Walker.

Mr. Walker served as Superintendent of Schools since October, 1938, and was most conscientious and earnest in his efforts to improve conditions in the schools. He maintained a keen interest in the progress of the children, and his passing was a distinct loss to them.

OFFICERS, TEACHERS AND EMPLOYEES OF HINSDALE SCHOOL DISTRICT

CLARENCE D. FAY, Moderator
MRS. HAZEL NEES, Clerk

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the School District in the town of Hinsdale qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the twelfth day of March 1946, at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.

7. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools and payment of statutory obligations.

Given under our hands at said Hinsdale, this twenty-second day of January, 1946.

MARGARET G. STREETER,
PAUL V. CHAMBERLIN,
HAROLD R. WEEKS,
School Board.

A true copy of warrant—Attest:

MARGARET G. STREETER,
PAUL V. CHAMBERLIN,
HAROLD R. WEEKS,
School Board.

HINSDALE SCHOOL BUDGET
Budget for 1946-1947

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1946.

DETAILED STATEMENT OF EXPENDITURES

This is to certify that we have examined the books, vouchers, banks statements and other financial records of the treasurer of the school district of Hinsdale, of which the above is a true summary for the fiscal year ending June 30, 1945, and find them correct in all respects.

CHESTER C. LEES,
MARION P. WELCH,
Auditors.

July 27, 1945.

REPORT OF THE HEADMASTER OF THE HIGH SCHOOL

To the Superintendent of Schools:

It is an honor to submit my fifth annual report.

Faculty Changes:

There was but one change in the high school faculty this year. Mr. Bernard J. Moushure was elected to the position of Music Supervisor replacing Mr. Walter F. Angus who accepted a similar position in Meriden, Conn.

Visual Education:

We are fortunate to be able to obtain a Bell and Howell Filmosound Projector soon after the opening of school this year. It is our opinion that this machine is the finest of its type that can be purchased. The pupils of the school are justly proud of this new addition to our equipment, for it was through their efforts that its procurement was made possible. It will be recalled that a particularly successful scrap drive was staged in the fall of 1942. The proceeds of this drive were earmarked at that time for a moving picture sound projector and we placed an order with the Bell and Howell Co. Although it was impossible to obtain a projector during the war, our school was one of the first to receive one after its conclusion because of the fact that our order was placed well in advance of the war's end. The entire cost of $480.20 was paid with money earned by the pupils during the scrap drive.

An average of one film a week is being shown to the student body. These films are definitely educational in nature and are a distinct aid in modern instruction. Dr. John W. Studebaker, U. S. Commissioner of Education, recently said: "One of the most significant educational outcomes of the experience of the Nation in connection with various types of training programs during the war years has been the clearer realization of the important contribution which audio-visual aids can made to vitaliz-

ing instruction and facilitating the learning process. This realization should lead to a marked increase in the use of such aids and devices for peacetime educational purposes in all of our schools and colleges in the years immediately ahead."

Military tests have shown conclusively that by the use of visual training aids, students learn up to 35 per cent more in a given time, facts learned are remembered up to 55 per cent longer, students are encouraged to learn by training aids, more uniform results are obtained by different schools and visual training aids give students more confidence in their ability to accomplish a given task.

Another year should show further development of a visual aid program which would supplement regular instruction in specific courses. Films are available in the sciences, social studies, shop work, home economics, English etc. It is recommended that full use be made of the facilities available to us.

Shop Equipment:

The shop facilities have been augmented considerably by the acquisition of surplus material from the government. This material includes:

1. Four automobile engines mounted on movable supports.

2. Two differentials — One front axle
   Three transmissions — Four generators
   Three carburetors — Two hundred pounds, metal

3. Two Walker-Turner drill presses with motors.

4. One Edlund drilling machine equipped with a 1 H. P. motor.

5. One Westinghouse Electric Welder.

6. One bench model shaper.

7. Four field telephone sets.

The only expense to the town of Hinsdale for the above machines and material was the defrayal of the transportation charges.

The school department purchased two 6 foot lathes and one 8 foot planer in order to improve the machine shop. Our shop is now well equipped and compares favorably with that of any school of our size.

Extra Curricular Activities:

The annual Halloween dance sponsored by the Junior Class was held in October. The Senior Class held a dance in November.

A Christmas concert put on by the musical organizations in December was conducted by Mr. Bernard Moushure. A capacity audience enjoyed the performance of the high school band, the high school glee clubs and the grade school pupils.

The Seniors put on the play "You Can't Take It With You," which was presented at their Senior Fair scheduled for February. Mrs. Gertrude Stearns is dramatic coach again this year.

Plans are underway for a spring concert by the music department. We are desirous of having some of our young musicians participate in the state music festival which will be held in Nashua this spring. Our entire band will also be a contestant in a music festival at Newport, N. H., in May.

Miscellaneous:

The cooperation of parents is earnestly sought in maintaining good attendance and punctuality records for their children. Regular attendance is vital to success in high school.

All pupils were examined by Dr. Edmond Lachaine and Miss Frances Sikoski.

Mr. William Kilhart, the school custodian, is doing splendid work in keeping the school plant in excellent condition.

Again we extend an invitation to parents and interested citizens to visit the school at all times.

Class Roll:

Graduates of the class of 1945.

Frank Joseph Amarosa, Jr.
John Tillinghast Bruce
Eugene Edward Bushey
Clifford Edward Crowell
Ida May Dodge
Phyllis Eleanor Hildreth
Irene Therese Kilhart
Richard Edward Lehane
Leo Winfield Marshall, Jr.
Edwin John Matuszewski
Amos Ludger Miner, Jr.
Winston Frederick Nees
Stephen Earl Packard, Jr.
William Francis Stetson, Jr.

In conclusion, I wish to express my appreciation to the pupils and parents, to the faculty, to the superintendent and to the Hinsdale Board of Education for their loyalty and cooperation.

Respectfully submitted,
CHESTER C. LEES,
Headmaster.

January 19, 1946, Hinsdale, N. H.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Hinsdale School District:

I herewith submit my first annual report as superintendent of schools.

Finances: The total assessment required to meet the School Board's budget this year is $39,268. This is $2,353 or 6.4 per cent more than was appropriated last year. More than half of the proposed increase is for increases in teachers' and janitors' salaries.

It should be noted that the district now has a new statutory requirement in the item of teachers' retirement fund. The new retirement law assesses the district for four per cent of the salaries of all teachers who are members of the State Teachers' Retirement Association. The teacher must also pay four percent from her own salary. We now

have five teachers who are members of the New Hampshire Teachers' Retirement Association.

The school district has purchased this year teacher liability insurance and workmen's compensation insurance. Teachers as a class do not have the same protection to which all mill employees are entitled by law. This insurance will cover teachers and janitors for all liability established by law. The workmen's compensation insurance furnishes protection in accordance with the New Hampshire workmen's compensation law.

The teachers of Supervisory Union No. 25 formed a Blue Cross group on December 1. Five of the Hinsdale teachers enrolled in the group at that time. After the initial formation of the Blue Cross group, the Hinsdale School Board decided to sponsor the combined Blue Cross and Blue Shield for all their teachers on a fifty-fifty basis. All the teachers have submitted applications for the combined membership plan. These memberships are now awaiting action by the New Hampshire-Vermont Hospitalization Service. The Blue Cross is a nationally advertised voluntary health insurance plan with a membership of over twenty million. Hinsdale should be proud to be one of the first towns in New Hampshire to sponsor this type of health insurance for their teachers.

Buildings and Equipment: Hinsdale may well feel proud of the fact that the school buildings are well equipped and in good repair. Ample amounts of money have been expended each year to keep the buildings in the best possible condition. Visitors in the buildings have often commented on this fact.

The limitations of the buildings and sites are such that there is not much more that can be done to improve our present structures. Since these buildings were erected at a time when educational objectives were much more limited than at present, they are not entirely adequate for our present educational needs.

The main part of the high school in the early part of the 20'th century was to prepare students for college. Courses of study, designed specifically for this purpose, in-

cluded languages, mathematics, history, etc. Since there were very few students interested in high school work as preparation for a vocation, there were no courses in commerce, home economics, shop, music, health and physical education.

The high school building is not adequate to meet all of the newer needs. Since our high school enrollment has increased from 44 in 1926 to 96 in 1946, we now have a large group of students interested in subjects of a vocational nature. With expanding enrollments we have larger numbers of students who are more adapted to vocational subjects than to academic subjects. If we are to hold this type of student in school it will be necessary to provide the right courses to hold their interest. Hinsdale is providing these new courses, but the available facilities in these areas are limited.

The shop is now well supplied with machine equipment, but space is at a premium. Some of the automotive equipment is stored in another building. Work space, tables and benches are needed particularly for the larger seventh and eighth grade classes. Larger enrollments may well be expected in the high school shop courses in the next few years. Selective service and financially advantageous positions in industry will not continue to deplete our high school enrollment. This factor combined with slightly higher enrollments in the lower grades will tend to increase the grade nine to twelve enrollment to a maximum of about 120 within the next five or ten years. The following table of enrollment indicates the statistical evidence upon which the above statements are based:

Enrollment as of January 1, 1946:

Grade	1	2	3	4	5	6	7	8	Ttl.	9	10	11	12	T	GT
Hinsdale High						21	30	23	74	30	28	16	22	96	170
Bridge Street	36	30	31	26	32				155						155
														Grand Total,	325

If the present trend continues the high school building will be required to house about 90 pupils in grades six, seven, and eight. It is entirely possible that the total number of pupils in the high school building may reach 200 or 210 within the next ten years. The housing situation would then be acute regardless of the type of program offered.

The music department is definitely handicapped by lack of space, the small room adjacent to the home economics area is adequate for rehearsing small groups. There is, however, no suitable space for large group rehearsals. Storage space for music equipment is limited. The other rooms in the building are in constant use, so that whenever another room is taken over for a music activity, some other part of the program must be sacrificed. The present music room must sometimes be used by the home economics classes. This creates conflicts in scheduling and necessitates moving equipment. Before and after school music activities are handicapped by the fact that some of the children are transported by school buses.

A large and specially equipped music room or auditorium is the only completely satisfactory solution to the needs of the music department. The dimensions of the present high school site practically prohibit any addition to the present structure.

The present building has no adequate space for assemblies, dramatics, visual education, or physical education. The new projector purchased with student funds is an excellent addition to our classroom equipment. We do not have, however, the proper facilities to make maximum use of this new equipment. The inflexibility of the present rooms prevents the rearrangement of furniture to accommodate large groups. Any use of the projector for small groups must necessarily interfere with some other class or activity.

The war emergency has focussed the attention of the country on the need for health and physical education. There is at present neither space nor time for instruction

in physical education. The absence of an outdoor playground prevents the development of an outdoor program and the absence of a gymnasium prevents the development of an indoor program.

Dramatic activities, assemblies, debates, school parties, music, etc., all demand extra space. Since modern classroom methods call for many types of activity, these needs are vital to the education of the students. The limitations of the present building will become increasingly apparent during the post war period.

The science laboratory is another area that is inadequate, by modern standards. The present room is too small for the large classes in general science and biology. It is also a handicap to the proper execution of laboratory experiments in chemistry for classes of the present size. The amount of equipment available for physics and chemistry is limited largely because of inadequate space for storage of equipment and supplies. Inadequate storage space leads to breakage. Lack of space also prevents the acquisition of needed equipment and supplies.

There is no provision in either of the Hinsdale buildings for a lunchroom. There has been a definite trend toward the provision of hot lunches in both the elementary and secondary schools of the country. Federal funds are available for the projects. These funds plus small fees from the pupils usually make it possible to sponsor hot lunch projects with paid supervisors at no expense to the district. The present structures do not provide enough space for such a program.

By 1955, What? The school district, in the next ten years ought to make some effort to meet the additional needs mentioned in the above paragraphs. The following suggestions should be considered by the School Board and Citizens during the next few years:

Acquisition of a new site and erection of a modern school plant (or extensive modification of present structure).

Provision of adequate space for science, shop, music, visual education, dramatics, physical education, etc.

Provision of additional outdoor recreational facilities at both schools.

Provision of lunchroom area at both schools.

Addition of kindergarten teacher. Duties to include remedial work in reading and arithmetic.

Curriculum: The report on Buildings and Equipment indicate many of the Curriculum needs. The building limitations present a definite handicap to the proper development of our instructional program. Dramatic activities, physical education, shop, music, and visual education are the areas where development is limited. A section of the headmaster's report is devoted to the values to be derived from visual education equipment.

It is hoped that full time courses in music appreciation and in harmony may be added in the near future. These courses would give one full credit.

Personnel: Mr. Bernard Moushure was employed as music teacher to replace Mr. Walter Angus. There were no other changes in personnel.

Testing Program: The Pintner General Ability Tests have been administered to every child in the Hinsdale schools in grades one to twelve. (Grades nine to twelve were administered last year.) The intelligence quotients for every child have been entered on the pupil records. In addition to the intelligence tests, the Iowa Tests of Educational Development, prepared by the Science Research Associates, have been administered to all students in grades nine to twelve. These tests indicate that our students compare favorably with those in other sections of the country. The attention of the Headmaster and teachers is now focussed on certain weaknesses revealed by these tests.

Later in the year achievement tests will be administered to all students in grades one to eight. If time and

funds permit, it is hoped that aptitude and personality tests may be administered to pupils in grade eight.

I wish to take this opportunity to thank the School Board, teachers, and citizens for their cooperation and support.

Respectfully submitted,
RICHARD A. MARTIN,
Superintendent of Schools.

February 12, 1946, Winchester, N. H.

GENERAL STATISTICS

1944-1945

Jan.	10, 1936	Foster Butler	U. S. Bond	600.00	2½	15.01	15.01	10.50	19.52
Jan.	19, 1936	Butler & Blanchard	U. S. Bond	100.00	2½	.10	2.50	2.50	.10
Jan.	9, 1932	A. W. Cady	Manchester Savings Bank	190.00	2½	10.77	4.78	6.00	9.55

*The Annie E. Amidon Cemetery Fund, deposited in Manchester Savings Bank, has now accumulated to $2,159.91. This Fund was originally $2,500.00 and deposited in Merrimack River Savings Bank, which defaulted in 1930. It finally paid off 72% or $1,845.00. On recommendation of the State Tax Commission in 1940, no interest is being used on this account, until it accumulates to its original amount of $2,500.00.

May	10, 1937	Carey & Howe	U. S. Bond	200.00	2½	11.46	5.00	5.00	11.46
